Gender Sensitization Action Plan

The College is strictly committed to following the UGC guidelines on Gender Sensitization policy. In view of the same, the following frameworks are proposed to be implemented within the College premises:

1. A female employee of the College or a student representative will be assigned the responsibility of overseeing the requirements and concerns of the Girls' Common Room.
2. In view of the data collected from the College Administrative Office, the percentage of girl students enrollment is rising and amounts to 67% of the total student strength. In this regard the College authority was directed by the Governing Body to install CCTV cameras inside the campus as a mandatory safety measure.
3. In order to promote inclusiveness, it has been decided to include the Third Gender category in all application forms of the College.
4. A Female teacher will oversee the optimal utilization of the already existing Grievance Redressal Cell.
5. Constructing of Girls' Hostel will be given priority for accomodation of Girl students.
6. A separate wing may be created in the College to look after the various scholarships such as Kanyasree, Vivekananda Scholarship etc for male and female students under the direct supervision of the Principal
