

# Differently abled friendliness resources

Not many, but Mugberia Gangadhar Mahavidyalaya has been working relentlessly to assist differently abled students and teachers for their maximum support. Keeping in mind of the fact, the GB and the other committees tries its level best to develop infrastructural development for physically challenged students and teachers. The institute has developed Ramp facilities for differently abled persons in the main administrative building as well as in the science building. Moreover it has been decided in the teachers' Council meeting and academic subcommittee meeting that for the maximum benefit of such students all the classes where differently abled students are studying shall be placed in the ground floor.
